

Exceptional moments spent on the river to develop, acquire, and discover new competences by surfing, kayaking and paddleboarding while having a good time! We finish that magic week by going down the Saint-Lawrence on a raft boat. During those 5 days, your child will be supported by passionate specialists and day camp counselors who will make them spend the time of their lives! It's a unique environment where your children will flourish every day. Tous au Fleuve!

Who are we?

KSF is a family growing around the Saint Lawrence River and has been in it since 1995. We are passionate professionals in adventure tourism and lovers of water, nature, and traveling. We are pioneers of the Saint Lawrence River.

Our Mission

Make the Saint Lawrence River a must destination, make you live unforgettable experiences, and never stop dreaming.

Where will be our activities?

The Lasalle basin, where is the head quarter of KSF, will be our playground for all the nautic activities. The shore will be used for all the afternoon games where the kids will be doing cooperatives games, sports and workshops when we will have beautiful sunny days! If we are unfortunately cut by the rain, we will have an indoor space near KSF.

Also, we will collaborate with Rafting Montreal about 2km away from KSF to end the week on a giant boat going down a safe line on the river.

Our team

Our team of specialists is trained by professionals certified by Paddle Canada and by KSF , which is accredited by Aventure Écotourisme Québec. Furthermore, everyone of them has a CPR certification.

Same for our counselors that have their CPR and a 20 hours day camp counselor training.

The kids will be with a same counselor for the entire week and they will meet a different professional for each sport they will learn. There will be a ratio of 1 counselor for 12 kids when not on the water and 3 for 12 when in the river. Safety is very important for us!

For who is our day camp?

For kids from 9 to 15 years old that are comfortable in the water and that are ready to learn the basics of multiple water-sport in a safe and fun way!
